# Photonics in France

## Key Figures

**1000**  
companies  
40% <10 years

**80 000** Employees

Revenue  
**15 Billion €**  
**50%** Export  
**N° 2** in Europe

**80 %** SME

**300**  
Labs  
CNRS, CEA,  
INSERM..

**50**  
startups/year

New Jobs  
**2030**  
**1 million** in Europe  
**150 000** in France

**Fundings**  
H2020 : 700M€

**Corporates**  
Safran, Thales, Essilor,  
Valéo, Airbus, Nokia,  
Saint Gobain

**Academics**  
Institut d'Optique,  
Centrale, Supélec

# The Innovation Task Force of the Embassy of France in Israel

- The Innovation Task Force is pooling all the resources involved in innovation within the Embassy of France in Israel.
- Non-profit initiative committed to connect France and Israel through Innovation partnerships
- Foster partnerships by helping to:
  - **identify partners**
  - **introduce to the right contacts.**
  - target the most relevant **public R&D funding programs.**
  - **seize the opportunities** in the field of innovation

# Find your Partner

## Partner Search

- You are an innovative company or a research institution
- You are developing innovative products, services or processes and want to reduce your Time To Market
- You are looking for additional skills or know-how to boost your projects
- You are willing to team up with a French or Israeli partner

Please, fill in the form below

We will get back to you shortly

Country \*

☐ France ☐ Israel ☐ Germany ☐ other:

Your Name \*

Company Name \*

Phone (Include numbers and + sign only) \*

What kind of partnership are you looking for? \*

- ☐ R&D
- ☐ Scientific
- ☐ Commercial
- ☐ Investment opportunities
