PROJECTS SHOWCASE DAY

TEL AVIV UNIVERSITY IN PARTNERSHIP WITH SHEBA ARC

A platform for collaboration between academia, industry and healthcare to drive innovation and real-world impact.

INVITED PARTNERS

- Medical Valley Israel – Coastal Plain Regional Cluster
- The Engineers Association – Mechanical Engineering Division
- Clinicians from Sheba Medical Center
- The HETZ Program
- Researchers and Students from Tel Aviv University

THE PURPOSE

To showcase innovative projects developed through collaboration and accelerate the translation of ideas into solutions that improve patient care.

THE COLLABORATION

A collaboration between the ARC (Sheba) and partners from academia, industry, and clinical practice – combining expertise, experience and research to advance healthcare innovation.
